Table \_\_\_\_\_

For Western Kentucky University to allocate the Friday before both fall and spring semester final week as a study day.

Near the end of a semester, students do not have ample time to prepare for finals week, and

Since final exams usually count heavier than regular tests, more time is needed, considering several exams are given during final exam week,

Considering the busy schedule of students the week before final exams, it is difficult for students to contact teachers about any question or problems which may arise, and

Another day to study just prior to final exams, would serve the students by allowing more time to fully review and comprehend the large amount of material covered over the duration of the semester, and

We, the concerned members of the Associated Student Government of Western Kentucky University, respectfully submit that the university designate the Friday before fall and spring semester finals week as a study day.
